

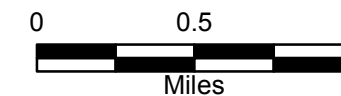

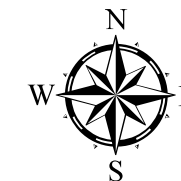

## Figure 2-5 100 Year Flood Hazard

 100 Year Flood Hazard

Note: The flood data shown on this map was produced by FEMA. Please ask to see the FEMA specification and user guide. Official flood data mapping may be obtained from the Medina County Engineer's Office, 791 W. Smith Road.

The quality, accuracy, and reasonableness of any applications developed using the flood data shown are the sole responsibility of the end user.

The flood data shown is not suitable for engineering applications such as detailed site design and development plans, letters of map change, or submittal of FIRM revisions.
