The driver of Unit 1 could not see a vehicle on the right (east) shoulder, which had crashed moments earlier, debris from which was scattered throughout Wooster Pike. Unit 1 struck a wheel and strut assembly which detached from the vehicle in the prior crash, and remained in the roadway. The impact from the collision with this debris caused functional damage to his front bumper, a flat front driver side tire, and potential additional damage to the chassis of Unit 1, rendering it disabled. The driver was uninjured, and World Truck Towing and Recovery removed Unit 1 from the scene. Refer to OH-1 25-24204 for additional information on the primary crash that led to this secondary crash.
