The vehicle was behind an open gate and partially behind the business. The male advised he came to pick up items that he bought in an auction, and that the items were out back behind the building. He provided paperwork for the auction and the items. The male was hesitant when asked about when he was told he could come and pick items up. He was advised that 0230 in the morning is probably not one of those times, and was advised to come back around normal business hours so the owner could be contacted.
