The driver did not immediately respond to lights and siren. The driver eventually yielded, he was then brought out of the vehicle and secured. It was found that there was a severe language barrier. Utilizing translation technology and a spanish speaking sheriffs deputy, it was determined that the driver did not know what he was supposed to do and was confused. He was found not to have a license, so he was charged with improper turn, failure to yield to an emergency vehicle, and no operators license. The vehicle was secured on the side of the road and he and the passenger were transported to meet family.</p>	<p>PD-25054310</p> <p>13 : Citation Issued</p>

A female exited and appeared to be looking at the front passenger-side tire. I stopped and backed up to her location, she told me the car in front of her swerved abruptly and she wasn't to see a vehicle's wheel in the roadway, and hit it. The passenger front tire was flat. I removed the tire and noticed the inner part of the wheel had a moderate sized dent to the inner lip, and the sidewall of the tire had 1.5" gash. I installed the factory spare tire and provided the driver with my business card and CFS number.	PD-25053947 03 : Assist Citizen
