At 6:00 p.m. the special meeting was called to order at the Medina County Highway Engineer’s office, 791 W. Smith Road, Medina, for a training/discussion session regarding Medina Transportation task force.

Discussion ensued regarding the necessity of the thoroughfare from the roundabout to Ryan Road or Marks Road that had been proposed in the 2002 task force development plan. It was decided that a road was no longer necessary or appropriate.

No motions or resolutions were made.

At 7:00 p.m. the special meeting was adjourned.

Respectfully submitted,

Elaine Klafczynski
