Case Narrative

Unit 2 was parked, unoccupied, and facing south in a marked parking space, though it had encroached 6 to 8 inches into the space directly in front of it. As the driver of Unit 1 pulled around to pull into that forward spot, the front license plate on Unit 1 struck the front bumper of Unit 2. Unit 2 sustained minor damage caused by the mounting bolts on Unit 1's license plate, while Unit 1 showed no visible damage. Photographs were taken at the scene.
