Case Narrative

Between 16:00 and 21:40 on 09/18/2026, Unit 1 was legally parked in a marked space when an unknown vehicle struck the driver-side rear quarter panel and wheel well, causing significant scraping. The vehicle's driver (a Dunkin' employee) noticed the damage at closing time. The business manager reviewed security footage but did not observe the collision or identify a suspect vehicle. There were no witnesses; photographs were taken.
